2026-27 SOCIETY THEME

“Changing the Game: Retrofitting for Resilience”

“Today, we’re facing one of the greatest challenges of our time: climate change. As we work toward a more sustainable future, we need to figure out how Team ASHRAE, with its wealth of knowledge and educational offerings, can help create a game plan to make existing buildings more efficient, healthy and resilient.”

— Sarah E. Maston, P.E., BCxP, LEED AP • ASHRAE President 2026-27

IN THIS ISSUE

President’s Message Thanks for a strong start, and the year ahead.

Your 2026-27 Board Officers, chairs and the Board of Governors.

Chapter Calendar Chapter programs, golf and Society dates.

October Luncheon Bruce Lindsay on ICE and thermal storage.

September Recap 55 strong for NV Energy incentives.

Society News Winter Conference, scholarships, students.

Professional Development HVACFALL15, BCxP, live training.

CxEnergy 2027 Coming to Las Vegas, April 27-30, 2027.

Volunteer: Central Tech Student panel interviews, Nov. 17-20.

History Corner October 1996: DDC and BACnet at the Elks Lodge.

Chapter Sponsors Thank you, AHS, plus how to become a sponsor.

ON THE STRIP THIS YEAR

Oct 27	Luncheon • 11:30 • Bruce Lindsay
Nov 6	Annual Golf Tournament • SOLD OUT
Nov 17-20	Central Tech Panels • volunteers needed
TBD	Holiday Party • details by Oct 15
Jan 19	Luncheon • Matthew Smith
Feb 16	Luncheon • Data Centers
Mar 23	Dinner • Past Presidents Night
Apr 20	Luncheon • SNWA Moratorium
Apr 27-30	CxEnergy 2027 • Las Vegas
Aug 19-23	CRC 2027 at Red Rock (we host!)

Monthly meetings at Sierra Gold, 6515 S. Jones Blvd. Doors 11:30 a.m. Full calendar on page 4.

Next Chapter Meeting • Tuesday, October 27

“ICE: In Case of Emergency, Resiliency and Thermal Storage” • Bruce Lindsay, PE, CEM, CDP • 11:30 a.m.-1:00 p.m. • Sierra Gold • Details on page 5.

FROM THE PRESIDENT

A Strong Start, and a Big Year Ahead

Southern Nevada Chapter Members,

What a way to open the year. Thank you to the 55 members and guests who joined us at Sierra Gold on September 22 for our first luncheon of 2026–27. Nick Mastrion, Senior Engineer with DNV, walked us through NV Energy’s Business Energy Services incentives and showed how rebates change the math on high-efficiency HVAC. In his lifecycle example, a \$10,000 rebate brought the efficient option to just 10% more up front, and it came out \$70,000 (25%) ahead over 15 years. In this town, that is a bet worth making. The full recap is on page 6.

A few days earlier, on September 17, we kicked things off with Beers with the Board at WSKY Bar + Grill on Warm Springs Road: no agenda, no dues pitch, and the first drink on ASHRAE. A big thank-you to Hans Gottschaldt for putting it together, and to everyone who came out to spend an easy afternoon with the board.

If you missed September, October is your chance to jump in. On Tuesday, October 27, Bruce Lindsay, PE, CEM, CDP, presents “ICE: In Case of Emergency, Resiliency and Thermal Storage,” a timely topic for a valley that runs on cooling. Bring a colleague.

“In this town, that is a bet worth making.”

A few things to look forward to this year:

- The 47th Annual Golf Tournament tees off November 6 at Rhodes Ranch and is **SOLD OUT**, but the waitlist is open. See page 4.
- Save the date coming soon: the chapter clay shoot returns in spring 2027 at Pro Gun Club, with the date and flyer to follow.
- Central Tech student panel interviews run November 17–20, and we need volunteers. See page 9.
- Monthly programs are booked through April 2027, including Past Presidents Night on March 23.
- The 2027 AHRI/ASHRAE Winter Conference heads to Chicago, and CxEnergy 2027 comes to Las Vegas April 27–30, with our chapter as a Supporting Organization.
- **CRC 2027 is coming to Las Vegas, and we are the host chapter.** “Crimson Nocturne: A Symphony in Shadow & Light” runs August 19–23, 2027, at Red Rock Casino Resort & Spa, and General Chair Amber Aguilar is leading the charge. Let’s show Region X how Las Vegas hosts. Want to get involved? Volunteer by contacting Amber at aaguilar@airtelligence.com.

Holiday Party • Details by October 15

The date and venue will be announced by October 15. Watch chapter email and ashraesn.com.

Register for October 27

Bruce Lindsay • 11:30 a.m.–1:00 p.m. • Sierra Gold

Members \$50 in advance, \$60 at the door • Non-members \$60

TUESDAY, OCTOBER 27 • 11:30 A.M. - 1:00 P.M. • SIERRA GOLD

Next Chapter Meeting

ICE: In Case of Emergency, Resiliency and Thermal Storage

Bruce Lindsay

PE, CEM, CDP

Presented by Bruce Lindsay, PE, CEM, CDP

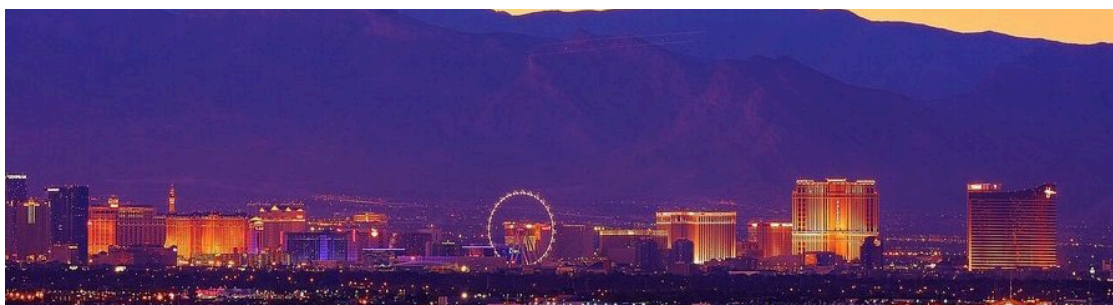

Tuesday, October 27, 2026 • 11:30 AM to 1:00 PM

Sierra Gold, 6515 S. Jones Blvd., Las Vegas, NV 89118

When the grid hiccups, chiller plants can trip on power-quality issues and leave a building without cooling. Thermal energy storage can bring cooling back quickly, add redundancy, and buy time for repairs, which matters most in hot climates and at military and mission-critical facilities. Bruce will show how new investment tax credits and utility rebates make it attractive to add thermal storage to existing chiller plants, with a focus on schools and public buildings.

ABOUT THE SPEAKER

Bruce Lindsay is Principal and CTO of Lindsay & Associates, an energy storage consulting firm. He was Business Development Team Leader for Thermal Energy Storage at Trane Technologies. Before that, as Manager of Utility Services for Brevard Public Schools, he oversaw 84 schools, 20 of them with ice storage systems. He also served as Executive Director of the EPRI Thermal Storage Center. Bruce is an ASHRAE Life Member and Distinguished Lecturer, serves on the Refrigeration Technology Committee, and is Program Chair for ASHRAE TC 6.9, Thermal Storage.

SEPTEMBER 22 MEETING RECAP • SIERRA GOLD

Thank You, 55 Strong!

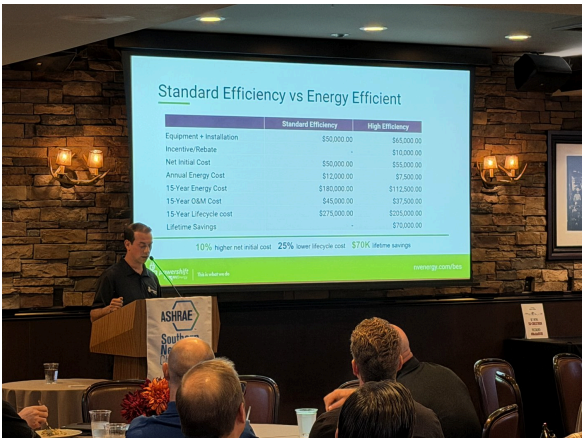

September 22 at Sierra Gold: Nick Mastrion of DNV presents to the room.

Thank you to the 55 members and guests who joined us at Sierra Gold on September 22 for our first meeting of the 2026–27 year. We opened with an icebreaker, “your highlight from summer 2026,” and then walked through the September newsletter and everything coming up this year.

Our speaker, **Nick Mastrion, Senior Engineer with DNV**, presented “HVAC Energy Efficiency Opportunities for NV Energy Incentives.” He walked through NV Energy’s Business Energy Services program and showed how rebates change the math on higher-efficiency equipment.

In his lifecycle example, the efficient option cost \$65,000 installed versus \$50,000. A \$10,000 rebate brought it to \$55,000, only 10% more up front. It then used about \$7,500 a year in energy versus \$12,000, for a 15-year lifecycle cost of \$205,000 versus \$275,000, a savings of \$70,000 (25%).

LIFECYCLE EXAMPLE	STANDARD	HIGH EFFICIENCY
Installed cost	\$50,000	\$65,000
NV Energy rebate	—	\$10,000
Net up-front cost	\$50,000	\$55,000 (+10%)
Annual energy cost	\$12,000	about \$7,500
15-year lifecycle cost	\$275,000	\$205,000
Lifecycle savings	—	\$70,000 (25%)

Nick’s lifecycle slide: standard efficiency vs. energy efficient.

Use the program on your next project

bes@nvenergy.com
Reach Nick: 702-858-4780 • Nick.Mastrion@dnv.com

We closed with our new 2026–27 sponsorship levels (Silver, Gold, and Platinum). See Chapter Sponsors on page 11 and ashraesn.com/sponsors to support the chapter. Join us next on **Tuesday, October 27**, when Bruce Lindsay presents “ICE: In Case of Emergency, Resiliency and Thermal Storage.”

FROM ASHRAE • SEPTEMBER 2026 CHAPTER NOTES

Society News

Highlights for members from ASHRAE's September Chapter Notes. Full details and registration are at ashrae.org.

CONFERENCES

2027 Winter Conference, Chicago

January 23–27, 2027. A technical program of panels, debates, workshops, forums, seminars and paper sessions from over 300 leading experts.

Early Bird registration ends October 28.

Marketing resources:
ashrae.org/conferencemarketing.

ASHRAE Connect: applications for the 2027 Winter Conference are open until **December 31**.

MEMBERSHIP

Chapter Leadership Academy 2027

Friday–Saturday, March 12–13, 2027, ASHRAE Headquarters, 180 Technology Parkway NW, Peachtree Corners, GA.

A 1.5-day program for up-and-coming chapter leaders. No registration fee; airfare is covered and attendees pay for their hotel. Spots per region are limited.

Interested? Contact your Director and Regional Chair (DRC) before November 20.

Questions: Lisa Nichols,
lnichols@ashrae.org.

SCHOLARSHIPS

One Deadline Now: April 1

Effective immediately, the Society Scholarship program's two deadlines (May 1 and December 1) are consolidated into a single deadline: **April 1** each year.

Applications submitted by April 1 are considered for the following fall–spring semesters. Please share with students, advisors and educators.

Contact scholarships@ashrae.org.

Revamped: HVAC Design Training Level II

ASHRAE's HVAC Design Training Level II has been completely revamped with new examples, improved course content and current standard references. Attend in person or virtually.

LOCATION	LEVEL I	LEVEL II	NOTES
Salt Lake City, UT	October 26–28	October 29–30	Registration deadlines: Level I Oct. 26, Level II Oct. 29
Virtual	November 2–6	November 9–11	—
Washington, DC	November 16–18	November 19–20	—
Miami, FL	December 7–9	December 10–11	—

Students & YEA Deadlines

PROGRAM	DEADLINE
2026–27 ASHRAE Presidential Initiative Challenge	Applications due November 2
YEA Individual Award of Excellence	Nominations open until November 15
2027 High School Design Competition	Registration deadline December 7
2026–27 Undergraduate Program Equipment Grants	Applications open until December 15
2027 Student Design Competition	Registration open. Categories: HVAC Design Calculations, HVAC System Selection, Net Zero Energy Design

Students interested in any of these can talk to our Student Activities chairs, Keaton Frerker and Rick Parsley (contacts on page 3).

Student Activities • UNLV. On **Tuesday, October 13**, the chapter will present to Dr. Heejin Cho's 10:00 a.m. class at UNLV, followed by a student branch interest meeting at 11:30 a.m. A mini career fair is **tentatively** planned for February 18, 2027. Student Activities contact: Keaton Frerker, kfrerker@mpnevada.com.

FROM ASHRAE PROFESSIONAL DEVELOPMENT

Professional Development

Learning opportunities from ASHRAE Professional Development's September 23 update.

ELEARNING

Save 15% on Fundamentals: HVAC Systems (I-P)

ASHRAE's best-selling package brings together 10 essential courses (20 PDHs): design and load calculations, psychometrics, ventilation, indoor environmental conditions, humidity control, central plants and more.

CERTIFICATION

BCxP Exam Blueprint Update

Following an industry-wide job task analysis for the Building Commissioning Professional (BCxP) certification, **updates to the BCxP exam blueprint take effect October 12**.

Planning to test? Check the current blueprint and exam details at ashrae.org before you schedule.

LIVE VIRTUAL TRAINING

November Courses

November's ASHRAE Live Virtual Training courses cover:

- HVAC design and operation for healthcare facilities
- New approaches to thermal comfort and energy management
- How BACnet® can support the infrastructure behind AI applications
- VRF system fundamentals

See the November Live Virtual Training schedule at ashrae.org.

ASHRAE Learning Institute • Salt Lake City. The Learning Institute's Salt Lake City HVAC design training (Level I October 26–28, Level II October 29–30) is listed with the other HVAC Design dates under Society News on page 7.

INDUSTRY CONFERENCE • APRIL 27–30, 2027 • LAS VEGAS

CxEnergy 2027 Comes to Las Vegas

The CxEnergy Conference & Expo is coming to Las Vegas **April 27–30, 2027**, and ASHRAE Southern Nevada plans to take part as a Supporting Organization. Supporting the event is a no-cost opportunity for our chapter, and a great way to showcase Southern Nevada's building performance community.

CxEnergy is presented by the Leaders in Building Performance: the AABC Commissioning Group (ACG), the Energy Management Association (EMA), and the Associated Air Balance Council (AABC).

Attendees include commissioning providers, facility managers, building owners, energy management professionals, HVAC testing professionals, and other industry professionals.

WHAT TO EXPECT

- Pre-conference CxA and EMP certification training and seminars
- 30+ AIA-approved technical presentations with nationally recognized speakers
- An Expo Hall with the latest industry technology

Learn more: www.cxenergy.com

Also in Las Vegas: ASHRAE Region X CRC 2027, August 19–23, 2027, at Red Rock Casino Resort & Spa, hosted by our chapter. See page 2.

WORKFORCE DEVELOPMENT • STUDENT OUTREACH

Volunteer: Help Central Tech Students Prep for Careers

Central Technical Training Academy Panel Interviews • November 17–20, 2026

A volunteer call from **Rob Warnell**, Secretary / CTTC Chair

People's Choice Award Team, CIEF Design Build.

Advanced Manufacturing students preparing for SACA certification.

Central Tech student workers recognized by the CCSD Board of Trustees.

Central Technical Training Academy (Central Tech), part of the Clark County School District (CCSD), is holding student panel interviews **November 17–20, 2026**. Industry professionals and community members are invited to help Central Tech students strengthen their interview skills, build confidence, and prepare for careers in Construction and Advanced Manufacturing.

ASHRAE's mission is to serve humanity by advancing the arts and sciences of HVAC&R and their allied fields, and that mission depends on the people who will design, build, and keep tomorrow's buildings running. A seat on a Central Tech interview panel is one of the most direct ways our chapter can invest in the next generation of HVAC&R and building-trades professionals right here in Southern Nevada.

WHY VOLUNTEER?

Make a Difference

- Support the next generation of skilled professionals.
- Give students meaningful practice and feedback.
- Strengthen school, industry and community connections.

WHAT TO EXPECT

How It Works

- Structured interview blocks throughout the week.
- Students get real feedback on their resumes from professionals.
- Interview questions and evaluation materials are provided.

CAREER PATHWAYS

At Central Tech

- Building Trades in Construction Technology
- Advanced Manufacturing
- Nevada Gold Mines Advanced Manufacturing Collaborative

Help Out November 17–20

Industry professionals and community members welcome. Sign up on Central Tech's volunteer form.

SIGN UP TO VOLUNTEER

HISTORY CORNER • LAS VEGAS, 1996

October 1996: DDC and BACnet at the Elks Lodge

ASHRAE Journal, May 1963: "Southern Nevada Chapter Recalls Birth Date," marking one year since the chapter's charter. Top: President Marvin Shafer tries the gavel at the Charter Banquet. Bottom: the presentation of the chapter's charter.

FROM THE ARCHIVES

A Look Back: 30 Years Ago

In October 1996, the chapter newsletter called members to the monthly meeting on Tuesday, October 8, at the Elks Lodge, 4100 W. Charleston. Cocktails were at 6:00, dinner at 6:30 and the program at 7:30.

THE OCTOBER 1996 PROGRAM

"Direct Digital Control Systems"

Kevin McKeegan, Vice President, Yamas Controls Southwest, Inc.

The newsletter noted Kevin's 20 years of experience in control systems engineering, application and sales. He had taught control courses at the Nevada Community Colleges and was an active member of the Northern Nevada Chapter. He came to talk about DDC, BACnet and its effect on the control industry.

Thirty years later, BACnet is still on the program: one of ASHRAE's November Live Virtual Training courses covers how BACnet can support the infrastructure behind AI applications (page 8).

Did You Know?

The chapter held its charter meeting on May 14, 1962, at the Tropicana Country Club. That October, in its first year as a chartered chapter, Robert Parker of RL Parker spoke on gas engine driven refrigeration systems.

From the chapter archives, courtesy of Historian Mark Baker.
